End of the route after 52 years

Vernon "Babe" Sharkey of Heinsburg is hanging up his bus keys after hauling children to school and on field trips for over half a century.

Sharkey started driving for his father's school bus line at age 18, his first bus a 1947 Ford with a body constructed by the St. Paul Foundry. It had canvas seats along each side wall and a row up the middle, and was a big improvement over one of his father's original buses, which was dubbed "the dogcatcher."

In those days, "we never traveled the roads in the wintertime. It was always across the fields, with lots of shoveling" in those pre-snowplow days. Now, Sharkey says, "I

haven't carried a shovel on the bus for years."

Chains and a snow shovel were far from the oddest cargo he carried in those days, when groceries and cans of high-test gas for rural residents' Coleman lamps often filled up the back of the bus. He also had a gun rack in the bus, just in case a flock of prairie chickens happened to appear, and sometimes the students got home a little late if hunting was good.

Sharkey and his wife Colleen were honored by the Fishing Lake Metis Settlement at Fishing Lake's celebration of their 40th anniversary with the Northland School Division on

GOLD WATCHES and a plaque were presented to Colleen and Babe by Fishing Lake Metis Settlement in recognition of 39 years of service to the community and its students.

June 15, and were presented with gold watches and a handsome plaque showing one of their earlier buses. Babe transported Fishing Lake students for 39 years, from 1969 to 2001, with Colleen driving in that area from 1967 until she retired. Colleen had previously driven routes south of the river and to Elk Point before she took on a Fishing Lake run.

Another contractor is now taking over the Fishing Lake routes.

"What do you think that road was like 30 years ago?" Sharkey asked, noting that people are prone to complain about today's road to the Metis community. Colleen noted that she "didn't want them to grade the road, because then there were no ruts to follow when it rained and was muddy."

Roads aside, the Sharkeys "enjoyed every minute of it.

The kids were all good, and I never got in an argument with a parent out there."

The students were even good on field trips, and Babe has many warm memories of these journeys, many in the company of the late Stan Dmytrash, who was principal first at Heinsburg and later at Fishing Lake. He also recalled a trip with Frog Lake students to Jasper, where one of the adult supervisors banged on a fryingpan with a hammer in the middle of the night to keep the bears away.

The Sharkeys are not leaving the school bus business. Far from it - Sharkey's Bus Lines has nine buses on six routes traveling to Heinsburg and Elk Point schools, and among their drivers are son Rocky and grandsons Jamie and Dustin. "I'm just quitting driving - and I'll still be around if they need a spare," Babe says.

RETIRING AFTER 52 YEARS behind the school bus wheel, Vernon "Babe" Sharkey is shown with one of nine Sharkey's Bus Line vehicles, a far cry from the 1947 Ford he started his career with.

Industrial Road

Elk Point mayor to lobby long and hard for road

By Steven Heywood
St. Paul Journal Editor

Time is running out but Elk Point Mayor Ed Buck says he's going to lobby Alberta provincial ministers long and hard to free up some cash for road improvements in the industrial park.

As the oil and gas industry continues to expand east of Elk Point, Buck says the current gravel and oiled roads of the industrial area are going to face continued pressure. Already in rough condition, Buck says the streets can only take so much. He adds the town has reached the limit of what it can do to maintain them.

"We've got to do something with that section of town," he says, speaking to a group of industrial park business owners and managers June 21. "We're not giving up on the

government option," Buck says, adding the town did try to see if it could foot the bill on its own.

Cost estimates for the resurfacing, paving and addition of curb and gutter for 54th Ave., 46th Street and along Railway Ave. are around \$1.37 million. Buck says Elk Point's direct taxation each year is only around \$900,000 and council hasn't raised taxes in years.

"We feel we need help from the government."

The June 21 meeting was also an attempt to gauge the willingness of business owners and managers to contribute frontage taxes to the project. The town showed the group a few scenarios, including long-term borrowing and property owners footing the lion's share of the bill.

The immediate concern by the group was the potential for some industrial tax rates to

double. Most agreed council should exhaust all its options before asking businesses to pony up the cash.

With patching material and oil becoming more expensive and scarce, Buck says the town's only other options are borrowing, taxing or lobbying the province to free up funds. Already, he says small towns are eligible for \$46,000 a year in a street improvement grant.

"For a project like this, we'd have to be around a long time for us to pay for it (with that money)," Buck states. "We are not looking at using that money for this project - there are other areas around town that need it."

The mayor suggests Elk Point needs a large campaign of letter writing and phone calls to get the attention of the province and is hoping his work with MLA Ray Danyluk will get some results.

"We have to go a little more hat in hand (to the government)," says Buck. "They get a lot of Elk Point, a lot of money from the area's resources."

With that as leverage, Buck says he hopes he and the MLA will convince a group of cabinet ministers to come out to Elk

Point. The mayor adds a meeting with ministers could help free up more money for the entire county, which also benefits from growth in Elk Point.

"We've got to prove the need to government," he continues, "like we did for the hospital."

(Continued on Page 3)

The Town of Elk Point is hoping to find grant money to pay for new, paved roads in the industrial park.

4-H Multi Club winds up another year

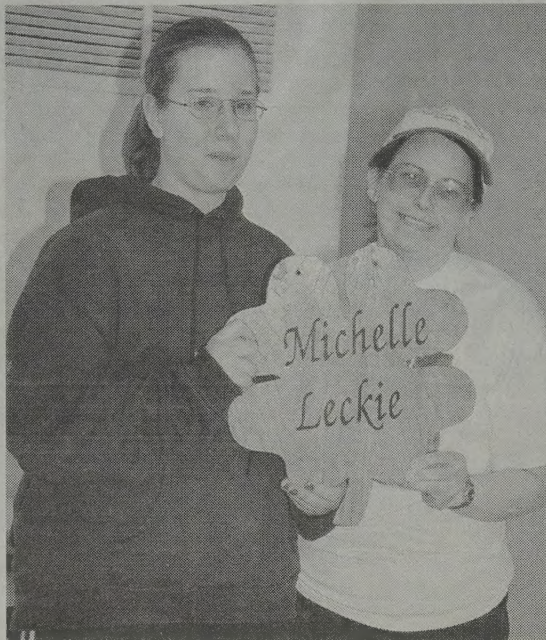

Elk Point 4-H Multi Club wound up another successful year with their year-end party at

THE TERRY HOLMGREN AWARD was presented to Intermediate member Janina Laboucane. Elaine Babenek made the presentation. A similar award sponsored by the Elk Point 4-H Multi Club was earned by Junior member Matthew Robinson, who was not present for the windup.

Whitney Lake United Church Camp on Sunday, June 17. Following an afternoon of fun on the beach, everyone gathered in the dining hall for a great supper, followed by the presentation of certificates and trophies.

Overall club leader Donna Zapesocki thanked all the members and leaders for their efforts throughout the year, and presented certificates to leaders Elaine Babenek, Chris and Gail Havener, Lee Wruth and David Shankowski, also acknowledging the efforts of Connie Landseidl,

RETIRING 4-HER Michelle Leckie was presented with her 4-H cloverleaf by Gail Havener. Michelle is graduating from high school this year and will be going on to the skills she has learned in 4-H in her future endeavors.

Ken Ference, Brian Schnurer and Mike Kripps.

Michelle Leckie was presented with her stall cloverleaf as a retirement gift, and said that this was her sixth year of 4-H. She went to a meeting with a friend, and found it so interesting that she started in the Crafts project." I didn't think I'd ever have a steer," she noted, thanking the Havener family, "they're the ones who got me into the steer project." This year, she showed the club's Grand Champion.

Awards based on the criteria of leadership ability, participation, sportsmanship, involvement and willingness to help fellow members and leaders went to Senior member Amanda Zapesocki, Intermediate member Janina Laboucane and Junior member Matthew Robinson.

BRUCE SMITH MEMORIAL AWARD went to Senior member Amanda Zapesocki, for her leadership abilities, participation, sportsmanship, involvement and willingness to help other members and leaders. Elaine Babenek presented the award.

Canada Day celebrations this Sunday

No matter where you are going to be this Sunday, I hope you will have the opportunity to take part in Canada Day Celebrations. Of course, if you are going to be in Elk Point, don't forget the beerfest and fireworks on Saturday night. The beerfest will start at 8 pm with the double band dance to start at 9 pm in the arena. What time is the fireworks? Don't forget this wonderful display at 11 pm. This will take place north of the arena.

Then on Sunday, after attending the Church Service of your choice, come out and enjoy the Chamber of Commerce Brunch from 11 am to 1

pm. The parade begins at 1:30 pm with judging at 1 pm. The kids decorated bicycle parade will start just before the main parade. After the parade, come out and enjoy the stage show with special guests. The young children, at the same time will be able to participate in games ... What about the weather you say? Yes, the Arena is the back-up to the outdoors. Last year right after the parade, the rain came, and we did move everything inside to the Arena. Besides, you have to come in the Arena anyway to buy a piece of delicious pie. These pies are just the best! We really

appreciate the Arena people for letting us use the Arena. Thank you very much.

Speaking of Canada Day Celebrations, let me ask you a few questions about our country of Canada. First of all: What was the day and year that the British North American colonies of Nova Scotia, New Brunswick and Canada, joined under the new name of the Dominion of Canada? The colony of "Canada" was really Upper Canada and Lower Canada. Anyway — how fast did you remember the date and year? ... July 1, 1867. Next question. Who was Canada's

first Prime Minister? ... Sir John A. Macdonald. Do you remember his vision? ... From sea to sea. What helped this vision become a reality? Yes, that is right. The railroad. Now for the next question. What date was the "last spike" driven on the railway line, connecting Canada from coast to coast? ... November 7, 1885. Did you all know that date?

Speaking of transportation, did you know that the Trans Canada Highway which opened in July 1962 is the longest national highway in the world. So I would say, even though the distance across our country of

Canada is many, many miles or kilometres, it seems to be important that we are able to visit all parts of the country to feel Canadian. Let us be proud of our country of Canada. It is our home.

We can also be proud of our science and technology communication. Let me ask you if you know the Canadian who invented the telephone? ... Yes, you are right — it was Alexander Graham Bell. What about the Radio? Who from England sent the first radio signal

in 1901 from England to Newfoundland? ... It was Marconi. That was only 100 years ago. Can you believe it? So much has changed since then in our communication technology. You say, don't forget the Canadarm designed and built in Canada.

I agree with you, there are many more examples of the uniqueness of Canadians. So, let us all be proud Canadians and celebrate Canada Day 2001. Happy Birthday Canada!

Industrial road

(Continued from Front Page)

However, time is quickly running out on the construction season. Buck says he is hoping for the ministers to be in Elk Point within two weeks, allowing enough

time to wrangle funding commitments and starting work in the industrial park.

"I'm looking at every possibility so (the ministers) can't say 'no'."

A helping hand.
Co-Op board representative Carol Maas gives \$100 to Cathy and Tyler Ockerman. Tyler was burned in a fire at his home last year and a community fund has been set up to help the family.

Elk Point REVIEW

VIEWPOINTS

E-CAN OILFIELD SERVICES made a generous contribution to **Connie's Healing Garden**, a fund for breast cancer research. **Jeff Moore** of E-Can made the presentation to **Deb Keryluk** of the **Elk Point Lioness Club**, who spearheaded establishment of the fund.

ELK POINT AND DISTRICT LIONS CLUB representative **Stacy Dunham** presented a donation to **Deb Keryluk** of the **Elk Point Lioness Club** for **Connie's Healing Garden**.

Connie's Garden Grows...

By **Denise Bjorkman**
Family Project Coordinator

Connie's Healing Garden has definitely taken root and the seeds of hope for a breast cancer cure have been sown.

The project began on April 26, 2001, and officially ended on June 15, 2001. The inspiration for this fundraising event is a determined, courageous and strong young woman named Connie (Nelson) Smereka who continues to fight a battle with breast cancer that began 5 years ago. Upon her request, this project blossomed because of her concern for other women with the disease and her determination to give of herself and tell the world her story.

Connie, her family and the Elk Point Lioness are proud to announce that as of June 21, 2001, \$5978 was raised and will be forwarded to the Canadian Breast Cancer Foundation - Alberta Chapter. Amanda Rees, Special Projects Volunteer Coordinator, has told the group that all funds will stay within the province "for the advancement of breast cancer research, education, diagnosis and treatment."

There are a great many people that donated their time and supplies that helped launch this project. First and foremost the Elk Point Lioness, especially Pam Frisby (President) and Susan Frisby (Treasurer). Pam embraced our initial idea and Susan made sure seeds, boxes and cash were taken care of. Supplies are a big expense, but thanks to the following donations we were able to maximize the money we sent to CBCF. Special thanks are extended to the Elk Point Lioness for purchasing the seeds, and Alberta Nurseries for their discount on the seeds. Packaging was a big item as well. Staples Lloydminster was extremely generous and donated the initial packaging supplies of 1000 labels, paper, and seed envelopes). Denise Bjorkman donated the packaging for the remaining, laminating expenses, and designed / produced all promotional materials. Mrs. Loretta Pinder donated the magazine boxes that were used for the displays and F. G. Miller High School donated all the photocopying / printing. A tremendous amount of support came from Amanda Rees at CBCF Edmonton in the form of helping us to coordinate with CBCF and answering questions when they arose.

The Lioness and other volunteers donated their time to package the seeds and prepare the boxes for delivery. We would not have had all the packaging done so quickly if it were not for the following people: Peggy Smereka, Angie Pinder, Suzie Nelson, Deb McQuinn, Deb Keryluk, Sandie Bishop, Joanne Bepalko, Susan Frisby, Doris Pinrock, Shelley Tymofichuk, Pam Frisby, Elaine Ziomek, Denise Bjorkman, Angelina Christenson and Terry Shankowsky.

The projects success also stems from the generosity shown by local businesses and organizations by allowing Connie's Healing Garden seeds to be sold at their locations. These thoughtful supporters collected money, cards and donations from individuals. These businesses were: (in Elk Point) F. G. Miller High School, Home Hardware, Treasury Branch, E-Can, Elk Point Hospital, The Cutting Edge, Capitol Drugs, Elk Point

Pharmacy, Elk Point Insurance, Stedman's, Hometown, Ace's Pizza, Elk Point Co-op, Hair Ethics, Woody's, Magic Pizza, FCSS, New Image Hair, Elk Point Burger Bar, Northbound 41, and Jasinsky's Service Station, (out of town locations) Windsor Salt, Dewberry Co-op, Clandonald Store, Valley Gasland, Shamrock, Lakelander, and Yake's Service Station.

All of the people, businesses and organizations who purchased the seed packages and made separate donations truly made Connie's wish to make a difference come true in the form of funds beyond our initial expectations. There were also 361 cards of well wishes and support that were returned with the donations. The majority of these cards were read to Connie by her family. The messages written on them were touching and greatly appreciated.

Connie was extremely pleased with the outcome of the project. Our initial goal was to make \$2000. There were those that gave more than the \$2 per package and others who made donations without purchasing seeds. Donations of \$50 or more were received from the following: E-Can Oilfield Services, Elk Point Lions Club, Alp Holdings Ltd., BPOE Elks Lodge 460, Dr. Rutter, Ida Maksymec, B-Line Contracting, Cal's Home Hardware, Dr. Adams, Elk Point & District Ag. Society Riding Arena, Marshall Kachmar, Shamrock Valley Enterprises, and Ukrainian Orthodox Church of St. Michael's, 611463 Alberta Ltd., A & J Oilfield Services Ltd., David & Elaine Bjorkman, Christine Graus, Cheryl Derewynka, Elk Point Insurance, Ukrainian Catholic Parish Holy Eucharist and Marlon Ockerman. There were countless others who donated \$25, \$20, \$15, \$10 and other amounts who gave cash above and beyond the \$2 per seed package. We would like to thank you all.

We hope to continue Connie's Healing Garden next year with one slight change. Packages will be purchased and dedicated to all who have lost and those who continue to fight cancer. It is our hope that you will purchase seeds next year to honor them.

It has been a tremendous experience working on Connie's Healing Garden. The generosity of friends, family and total strangers has given us all a sense of strength and comfort. Thank all for your support. This is for you:

Connie's Healing Garden

*We heard the winds a whisper
Of the kindness shown by you
In the act of planting flowers
Of hope unleashed anew.*

*We know Connie's Healing Garden
Will blossom every year
And help us to remember
The ones we've lost and loved so dear.*

*And as their fragrance fills the air
And the blossoms blow gently in the breeze
You'll think of us and remember
And the pain you feel will ease*

*Not only did you sow the seeds
Of wild flowers in the ground
You helped others battle onward
In hopes that a cancer cure can be found*

Letter to the Editor

Parent Nursery carnival a hit

Dear Editor:

I wish to thank the Elk Point Parent Nursery for running such a wonderful Penny Carnival. I brought my little granddaughter to it and she is still talking about the great time she had.

We also took her last weekend to the Stan

Reynolds 100 Years of Car History which she said was alright but she liked the Penny Carnival better.

So keep up the good work and thank you again for an entertaining and well run show.

Sincerely
Faye Smith

County negotiating fees for Elk Point transfer station

By Joseline Gionet
Staff Writer

The County of St. Paul council has no problem paying \$2,500 a month for a joint use and operation agreement at the soon to be completed Elk Point waste transfer site.

However, they don't like the idea of their taxpayers dishing out fees to dump certain articles of garbage.

"Our residents already pay 0.5 of a mill on their taxes specifically for garbage," says councillor Frank Sloan.

The proposed schedule of fees would

include a dumping fee of \$25 for fridges and freezers, \$5 for appliances like stoves, dryers, dishwashers and barbecues and another \$5 fee for things like office furniture, tables and chairs and mattresses.

The County has sent the agreement back to Elk Point council asking them to lower the fee for fridges and freezers to \$15 and to not charge anything for other appliances and household furniture items.

The matter will have to be brought before Elk Point Town Council before any decisions

can be made.

"The main part of the agreement is agreeable and now we have to work out a cost for the citizens for the work to get done," says Myron Goyan, town manager in Elk Point.

The agreement also includes provisions for a pass system. The pass would identify County of St. Paul and Elk Point residents at the transfer site. The pass system will hopefully keep residents from other counties from using the station.

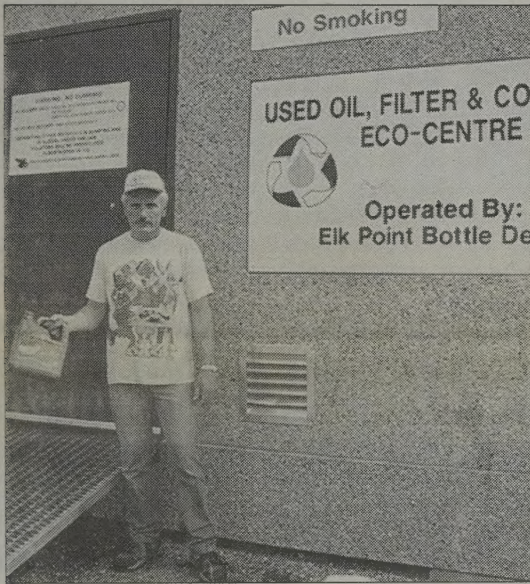

The Elk Point transfer site should be completed by July 15.

The Elk Point transfer station is leaps and bounds ahead of other communities and is expected to be complete this summer.

Photo by Steven Heywood

Recycle Oil Here

RECYCLE OIL HERE - says Rod Cheshire of Elk Point Bottle Depot, who has a special facility to recycle used motor oil, used filters and empty oil jugs as part of his Railway Avenue operation. Beverage containers and newspapers also may be recycled at the same location.

National recognition for local student

Lawrence Pidluzny
Elk Point Elks Lodge #460

This is the second year that F. G. Miller Jr./Sr High School has participated in the The Elks and Royal Purple Drug & Alcohol Awareness Program by entering into the Literary, Poster and Video Contest. The program is aimed at assisting local efforts in communities nation wide in preventing the abuse of drugs and alcohol by our youth.

Essays dealing with drug and alcohol awareness were submitted by Junior and Senior High students. These were judged locally, and then sent off to provincial and national committees for further judging. This year, it is my priv-

ilege as Elks member and contest coordinator, to announce our two winners.

Romy Rohner's essay won First Place in the province in Category 1 - Senior Essay for which she received a cheque for \$250.00. Valerie Friesen won First Place in Category 2, the Junior Essay division. She received a cheque for \$50.00.

Romy also placed Second at the national level in her category for which she received \$500.00. I was extremely pleased to be able to present her with the money and a beautiful engraved plaque from the Elks of Canada.

The Elk Point Elks Lodge #460 also wished to recognize these individuals. As a token of their appreciation to the local final-

ists, each student will receive a cheque for \$50.00. Our Senior finalist was Romy Rohner, while Junior finalists were Valerie Friesen, Danielle Wruth and Leanne Ference. Thank you students for your participation and for making us proud of our community and the efforts being made to rid this area of disgrace of drug and alcohol abuse.

Learning beyond the Classroom Walls...

School board notes

Saving money with energy conservation

Johnson Controls gave a power point presentation to the board at their meeting and explained how the Energy Management Project will save the school division money in the long run.

Much of the project includes replacing school lighting and working on heating and ventilation in the division schools. The improvements will hopefully increase productivity from students and staff by creating a more comfortable working environment.

Johnson Controls also offers ongoing support after the improvements are made including helping with negotiations between the division and gas and electric companies.

Much of the work in schools will be started over the summer for a minimum impact on the school year.

School board elections coming up

School board elections are coming up this fall and the board passed a couple of motions to get ready.

Chuck Ouellette has been named returning officer for the election. A bylaw was also passed charging a \$100 nomination deposit for each individual wishing to run in the election. The money will be refunded as long as the running candidate receives at least half as many votes as the person elected to the board with the least amount of votes.

Nominations for the upcoming fall election will

be accepted at the School Division office.

Trustees also passed a motion to coordinate their board elections with upcoming municipal elections where possible throughout the region.

Partners in Recycling

The School Division pledged to become an official partner in the Alberta Fluorescent Bulb and Computer Recycling Program.

The program would recycle fluorescent light bulbs and computers rather than having them dumped in landfills.

The division already has several burnt out fluorescent bulbs in storage.

Crusader donators much appreciated

By Mrs. Denise Bjorkman
Librarian

With the end of the school year fast approaching, I would like to take this opportunity to extend our thanks to all those who donated their used and

new books to the library. Here are just a few: Courtney Maksymec, John Braga, Ron Onusko, Kandy Cameron, Randall Krys and Kelly Burke. There were others, and you know who you are even if this bookworm can't recall

your name on demand. There were also those who brought in cold magazines which really helped out with our art, CALM and health programs.

Most of all, I would like to thank those who so generously donated their time. These

women booked off full days and half days once a week to help with the tedious job of creating and automating the card catalogue. With their weekly support, the R.E. Beattie Library is 90% automated and will be completely automated by

January 2002.

My fast fingered moms are: Mrs. Doris Wilson (5 year veteran of the keyboard), Mrs. Carol Lee (first year but by no means a rookie), and Mrs. Shanie Jurak (half time hands). Together we entered approximately 1800 records this school year — a gigantic feat considering the endless notes and contents typing these patient parents added to each record. Thanks to them there is light at the end of the 900 shelves and the

refined search engine of our Library World program is one of the BEST in the Division.

Above and beyond their flying fingers, they helped with various programs like OCC, the Book Fair, Picture Day, Updater proofreading, library skills and provided endless laughs, emotional support and encouragement to a sometimes weary librarian. My sincerest thanks to my special moms, you make coming to school real cool.

Proposed drilling (in Kehewin area) concerns residents

By Joseline Gionet
Staff Writer

A traditional land use study, an environmental impact assessment and a water study are the three main things a group concerned with saving Kehewin Lake are asking for.

The concern is coming

from a controversial project that would see as many as 290 heavy oil wells drilled in the Moose Hills area, close to Kehewin.

A group of about 35 people attended a meeting June 22 at the Mannawanis Friendship Centre in St. Paul to talk about what can be done to

protect Kehewin Lake, an important water source, and to preserve traditional grounds there and in the Moose Hills area.

"Topographically the lake is a catch basin and any kind of contamination will go right down into that lake," says Edward Dion, a member of the Save Kehewin Lake group.

The group is also concerned about fragmentation of Moose Hills from seismic testing and possible drilling.

"We're not against development, we don't want to stop the development but we want the people to be informed and educated and let people know they have a right to have their questions answered," says Colleen Houle, member of the Save Kehewin Lake group.

Investigation into the proposed development began for the group in September when rumors were heard.

"We went to the chief and council and we weren't very well received. So then we went to the

companies and they told us we had to ask our chief and council. We were stuck," says Houle.

From there the group got a hold of the Moose Hills, Kehewin exploration and development program newsletter from Anadarko, a Texas oil company.

"From a conservation and biology standpoint the fastest way to extinct a species is to fragment their environment and that's what gas and oil companies do," says Gray

Jones from the Western Canada Wilderness Committee. "There has to be a balance. Development has to benefit society in general not a few select people. Oil and gas development is boom and bust, not sustainable."

The agreement has already been signed with Anadarko and seismic testing has already been done in the area.

Only one council member from Kehewin Band Council attended the meeting. No other chief

and council members from either Kehewin or Frog Lake were in attendance.

Representatives from Anadarko also were not in attendance.

The project has the apparent backing of the Federal government. The Federal Indian Affairs Department provided \$300,000 to the Kehewin Reserve to explore partnerships with private industry.

It isn't known when drilling will begin.

Elk Point Chamber of Commerce Notes

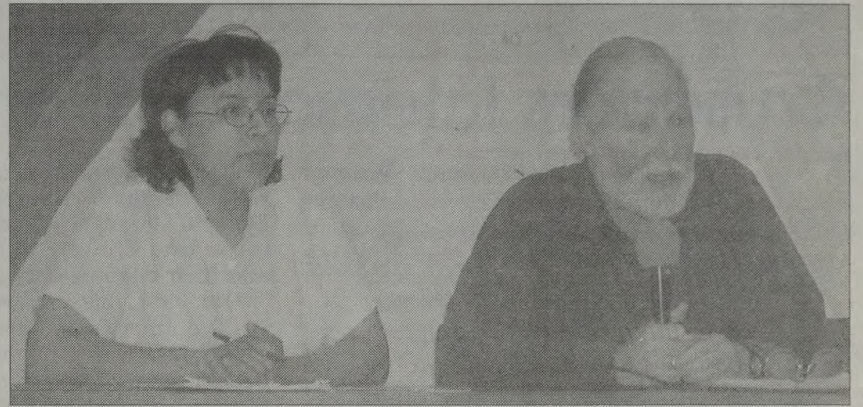

Hosting the June 2 community garage sale was not a moneymaking venture for the Elk Point Chamber of Commerce. During last Wednesday's regular noon meeting, treasurer Diane Balash reported the event generated \$90 for the chamber leaving it \$296.15 in the hole after expenses at the end of the day. Not everyone who held garage sales that weekend registered them with the chamber. The \$10 registration fee provided participants with advertising of their sale and included their address on the community garage sale map. Members agreed a lower than expected turnout at the event was due in large part to the poor weather over the weekend.

Canada Day

Everything is on track as far as planning for Canada Day. The fireworks permit is for 11 p.m. and as soon as it gets dark the show will begin. The chamber is hosting a brunch from 11 to 1 p.m. in the Servus Credit Union parking lot. Volunteers are needed to help serve what promises to be a tasty meal. A volunteer is still required to provide a vehicle to pull the chamber float.

Summer Break

The chamber will not meet in July and August. Meetings will resume in September.

Colleen Houle, left and Gray Jones, right, encouraged people to speak up at a "Save Kehewin Lake" meeting June 22 in St. Paul.

Rain doesn't dampen players' spirit at Cold Lake soccer tourney

On Saturday, June 8 and Sunday, June 10 the Cold Lake Minor Soccer Association hosted a soccer tournament at the Imperial Park for under 6, 8 and 10 year olds.

Saturday was a beautiful sunny day and our U10A and U10B teams played. The first game for U10A was against an all girls Bonnyville team and Elk Point won with a score of 4-0. The second game was against a Cold Lake team and Elk Point defeated them 3-1. Another Cold Lake team came out victorious in the third and final game with a score of 3-0.

This same U10A team played in Myrnam on June 13 and won 1-0.

The U10B Elk Point Vipers played

the Bonnyville girls team and won 1-0. The second and third games against two different Cold Lake teams were lost with scores of 3-1 and 3-0.

Sunday started off with rain which really helped the Tri-City economy as visitors bought up all the umbrellas, small tarps, and picnic chairs. The rain didn't seem to dampen the young tikes spirits. Some of the U8 teams started the day fairly early. Elk Point's USA team played Bonnyville and won 6-0. Their second game was tied until the last couple of minutes when Cold Lake scored to win the games. Their third and final game was lost to another Cold Lake team with a score of 5-2.

Our U8B team was most unsuc-

cessful in this tournament. They played three different Cold Lake teams and were defeated.

The USC Silverados from Elk Point tied their first game with Cold Lake with a score of 2-2. Their second game against another Cold Lake team resulted in a 2-1 win for Elk Point. 4-1 for Cold Lake was the score in their final game.

The youngest of our soccer representation in Cold Lake were the U6A and U6C teams. Our U6A team played their first game at 10:30 am Sunday and were defeated by a score of 4-2. Their second game was against Cold Lake North and the game was tied 3-3. Their final game was against Cold Lake

South, who they trounced with a score of 5-0.

The U6C team lost their first game to the Cold Lake Bumble Bees with a score of 5-1. The second game was against the Cold Lake Purple Penguins which resulted in a 1-1 tie. The final game was against the Pikachu's and Elk Point won 4-1.

The U12 boys played in the Lakeland Cup Tournament on the weekend of June 16 and 17. They played 4 games of which they won two. This resulted in them coming home with silver medals. Good work!

The soccer season is coming to an end with the wind-up party out at the golf course on Monday, June 25.

Crusaders International and the Global Community

By Mrs. Denise Bjorkman
CI Advisor

Crusaders International, a group of F.G. Miller students, was formed this year out of the desire to help fellow travellers in the global community ... especially those that were in the direst of need.

This group is small, but their hearts are bursting with the desire to help others. The steadfast members of our group are: John Braga, Amanda Zapesocki, Stephanie Kondla and Michelle Zapesocki. There were certainly others that

helped the group in their own small and thoughtful ways like: Courtney Maksymec, Elaine Ziomek, Jennifer Flanders, Mr. O'Neill and all those who brought in stamps, shoeboxes, toys and their ongoing encouragement.

Our first mission was to make children in Central America smile with Operation Christmas Child. This was the fourth year F.G. Miller High School has participated in the program. Our thanks to all the Crusaders and community members who helped in big and small ways to make OCC a success again this year.

Our second mission was to launch OXFAM's Stamp Out Poverty Program. Thanks to Verona

Lea Flanders and Further Education for the idea. In conjunction with OXFAM Canada and local community businesses and individuals, we collected mounds of used stamps (way too numerous to count, but our Skittles Contest alone brought in 2200 used stamps) to send to OXFAM. These stamps are sold to collectors and the monies made go to support OXFAM projects in developing countries.

Here are just a few of the businesses and individuals who saved their used stamps for us: Noel Purrington (from the USA), Irene Magnusson, Elaine Bjorkman and Elk Point Insurance, Mae Hendrickson, Allan Warawa, Graphica, TD Bank, Anadarko, Lioness, Lakeland Tire, Northern Lights Library System, Truss Plant, Further Education, E-Can, Weatherford, Dr. Adams, Tarsands and all those who have dropped stamps off anonymously. Please keep collecting your used stamps. This program is ONGOING and your participation is appreciated.

Two of our smaller missions were to help children and families in Elk Point and Beaumont. First we helped the Lioness wrap gifts for Santa's Anonymous. It was a great way to get into the spirit of Christmas and made us feel good knowing we were helping families in our own community. For an organization in Beaumont we collected new and gently used stuffed toys for an organization that gives them to children who are experiencing high stress situations which involve intervention. These toys are given to the children to relieve the stress in their little lives.

All in all, it was a fun-filled and successful year. We hope that our continued efforts, with community support, will make a difference in the lives of those who do not have the necessities nor the privileges most of us benefit from in our daily lives.

IMPORTANT CHANGES TO THE EMPLOYMENT INSURANCE PROGRAM

The Government of Canada has made changes to Employment Insurance (EI) to support Canadian families and to ensure that Canadians who need EI will have access to an improved program.

WHAT'S NEW

- There is no more intensity rule.* Now all EI claimants will receive at least 55% of their maximum insurable earnings. Retroactive to October 1, 2000.
- The benefit repayment (clawback) provision is no longer applicable for claimants who receive maternity, parental and sickness benefits, first-time claimants and claimants who make less than \$48,750 net annual income. Retroactive to the 2000 taxation year.
- Parents who took extended absences from the workforce to care for young children may now be able to qualify for EI regular benefits like other workers. Retroactive to October 1, 2000.
- Self-employed fishers can now benefit fully from the changes made to maternity, parental and sickness benefits. Retroactive to December 31, 2000.

AUTOMATIC RETROACTIVE PAYMENTS

Since mid-June, Human Resources Development Canada has been automatically issuing retroactive payments for adjustments to EI claims affected by the changes. The Canada Customs and Revenue Agency will forward retroactive payments for clawback (2000 taxation year) automatically in about two months.

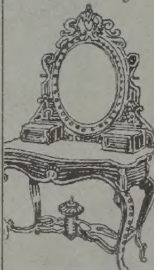

* The intensity rule, which gradually reduces the basic benefit rate of 55% to 50% for frequent EI users, proved to be ineffective and was removed.

For a brochure on EI changes call toll-free

what's NEWS at the LIBRARY?

Take advantage of what your library has to offer!

* Access to the Internet — great way to check out your e-mail or surf some of our recommended sites. You do not have to be a member to take advantage of this service.

* Quiet, comfortable and cool place to research or catch up on your reading.

* Browse and order your own inter-library loans on our website, you will be amazed at the selection and efficient service.

* Great selection of books, videos, magazines and books on tape.

New selections this week include:

"New Oprah Book - La Prisonniere" by Malika Oufkir - A true story that is almost beyond belief. You read this book with a mounting sense of outrage that such events could still occur in the last few years of the 20th century.

Books for the Herb Enthusiast:

"Herb Mixtures and Spicy Blends" by Maggie Oster - Seasonings that you can make at home. More than 100 recipes from herb farms across North America. **"Herbal Vinegar"** by Maggie Oster - Vinegar is versatile and this book covers it all!

"The Pleasure of Herbs" by Phyllis Shaudys - A month by month guide to growing, using and enjoying herbs. **"Herbal Treasures"** by Phyllis Shaudys - Inspiring month by month projects for gardening, cooking and crafts. **"Natural Baskets"** by Maryanne Gillooly - Create over 20 unique baskets with materials gathered in gardens, fields and woods. **"The Naturally Clean Home"** by Karyn Siebel Maier - Save money ... save your health ... save the planet ... with natural cleaning power.

Reminders:

Please bring back all overdue books. We are missing the Walt Disney video "Cinderella", the case was returned but no movie. Also a brand new book "The Sand Dance" by Bruce Kirby.

Storyteller for the summer reading program — Pearl Ann Gooding, July 9 at 2:00 pm. Everyone welcome.

Pre-School Storytime — Fridays at 10:30. Last Storytime for the summer June 29.

Summer Reading Program — Ages 3-6 are on Mondays at 1:30 pm and ages 7-11 are on Wednesdays at 1:30 pm. Important note, the preschool will start on Wednesday, July 4 at 10:00 am because of the July long weekend.

Summer Hours — Mon., Tues., Thurs. & Fri., 9:00 am to 5:00 pm. Wednesdays, 12:00 noon to 8:00 pm.

review SPORTS

Never take any team for granted

By Doug Basset

Review Sports

How many times have you seen this happen? You beat a team one weekend and then the next weekend it's a whole different story. Almost like playing against a different team. Or maybe you're playing with a different team?

One week earlier the Sox won the league title with an easy 11-8 win over St. Paul. This past weekend in the first game of the provincial round robins the Sox came up short, especially with the lumber, the meat of the batting order, the #3, 4 and 5 spots, guys you come to count on, guys who should be able to produce, didn't, and the Sox, with one really bad inning defensively, the fourth, when they allowed six runs, went down in defeat 13-4, to a team they know they

should be able to beat. Moral of the story, never take any team for granted.

The second game Saturday afternoon, against Vegreville, the Sox pulled up their sox, so to speak, the weather was hot, and so was the Sox bats, 6 runs in the first inning for the "young guns". But Vegreville scored four of their own, making a game of it. Halfway through the game 8 to 6 for the Sox, David Honey came in to relieve for starter, Issac "the big unit" Peters, and allowed only two runs in four innings, the infielders playing their best game this year, turning two pretty 6-4-3 double plays, by short-stop Mark "Marksman" Letestu, second base Jon "J.B." Buryn and first base Kurt "Dust Devil" Kozicky. At the plate Brian "Top Gun" Poitras going four for four, with two singles and two doubles, and Jason "Moose" Kalynchuk three for four with 3 rbi's.

Sunday, the Sox lined up against the big veteran team from Ft. Sask., a team with seven 18-year-

olds in the lineup, a team that many favor to win this year's provincials, the Sox losing this one by 10 runs in five innings. Not great, but look at the positives, the Fort also beat St. Paul; and Veg by 10 runs in five innings, the age difference in these kids, and it was very good fielding and batting practice.

"On Deck" this coming weekend, starting on Saturday, June 30, the Sox will be hosting a round robin at Bassett Field, playing at 10 am against Wainwright, then at 4 pm against Edmonton N.E. and again all day Sunday. This is a great young team, and if you don't believe me, now's your chance to check out for yourself.

"Around the league" in other action, a busy, busy weekend for the Elk Point minor ball teams, three teams in their wind up tournaments, the Squirt girls in Pierceland, the Pee wee girls in Cold Lake and the Mosquito boys in Bonnyville.

Starting with the Mosquitoes who played in Bonnyville and won the B

final over St. Paul after playing six games in two days, defeating Bonnyville, then two different teams from Cold Lake on Saturday, then losing to St. Paul, and Bonnyville on Sunday sending them to the B final which they won over another team from St. Paul. Six games in two days is quite a test on the old bullpen, the coaching staff of Gary Marconiuk and Lyle Marionchuk, using pitchers, Dylan Loughran, Ryan Marconiuk, D.J. Greening, Brett Lindquist, Sonny Benson, and their lefty Michael Marionchuk. It was a very good weekend for all the players, and a good season for the Mosquitoes, who will be having a windup this coming Thursday.

THANK YOU

Thank You

On October 30, 2000, our family suffered a trauma that we would hope no one would ever have to experience themselves. Both Marvin and Tyler were burned in an explosion on our farm.

We would like to thank this opportunity to thank the Elk Point Hospital Staff, STARS Air Ambulance and everyone who contributed to the trust fund set up by the Elk Point Lions Club who also deserve a huge thank you.

We also want to say thank you to all our family, friends and neighbors who sent cards, flowers, food and gifts. Everything is greatly appreciated by all of us. Thank you again.

Glen, Cathy, Marvin, Robyn & Tyler Ockerman

IN MEMORIAM

CONRAD, Joe

In loving memory of our dear husband, father and grandfather, who passed away July 1, 1996.

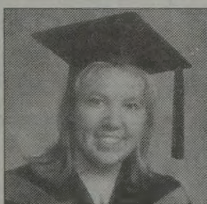

A heart of gold stopped beating.

Hardworking hands at rest
God broke our hearts to prove to us
He only takes the best.
The leaves and flowers may wither
The golden sun may set
But the hearts that loved you dearly
Are the ones that won't forget.

Always remembered & truly missed by your wife, Ann and Family.

Two new events added to Elk Point horse show

By **Steven Heywood**
St. Paul Journal Editor

This Saturday is Elk Point's Charlene G. Baker Memorial Horse Show and it promises to be a grand event.

Organizer Connie Capjack says

this year's show, on June 30, is a combination of two horse shows and should be much larger for audiences and participants. She adds two new events have been added this year.

In addition to the regular events such as English and Western riding and barrel racing, Capjack says the

show will feature Champagne Pleasure Class. This event has participants compete while holding a glass of champagne. As well, the horse show will add the Gamblers' Choice event, allowing scores based on the number of obstacles participants pass successfully.

There are plenty of prizes and honours up for grabs at the Elk Point Horse Show and everyone is welcome to come out and watch.

The day starts at 9 am at the CG Baker Memorial Arena on the highway in Elk Point.

Elk Point Squirts girls finish second in Pierceland tourney

After a season of cancellations due to rain, the S squirt girls finished

off the season with a week full of ball. The girls started out travel-

ling to Bonnyville on Monday. A grand slam in the first inning by Amanda Marianchuk got the girls' adrenaline flowing early in the game. A homerun later in the third inning by Cassandra Cochrane added to the excitement. Excellent pitching by Brittany Buryn in the first two innings kept Bonnyville's runs to a minimum. A change in pitchers for the third and fourth inning allowed Bonnyville to narrow the point spread. However, three consecutive strikeouts by Brittany Buryn in the fifth inning helped the Elk Point Squirts to hang onto their 17-16 lead.

Wednesday saw Elk

Point hosting St. Paul. Both teams were missing several players, but managed nine names each in the lineup. This was a tight game throughout. At the end of the first inning, the score was 1-0 for St. Paul. In the second inning, Elk Point got on the sticks and got six runs in. With solid pitching once again by Brittany Buryn, we held them down until the fourth inning where they scored 6 runs. St. Paul went on to give Elk Point their first loss of the season 15-12.

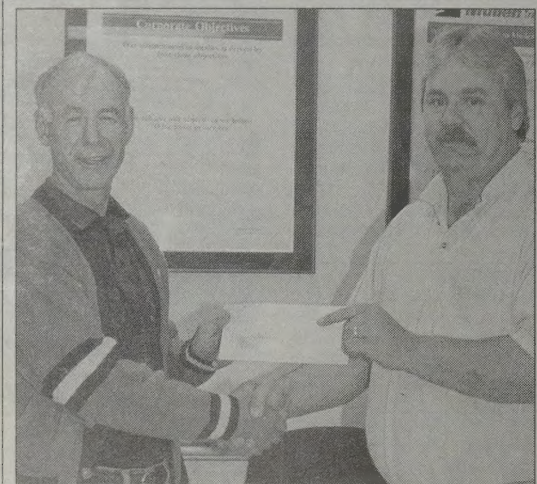

To wrap up the season, the S squirt girls travelled to Pierceland for their end of season tournament. The day

was full of ball. The girls first met up with Bonnyville. A grand slam by Cassandra Cochrane in the third inning brought in the winning runs. Later that inning, a homerun by Brittany Buryn secured the lead. Elk Point went on to beat Bonnyville 10-7.

With an hour break, the girls then had to face St. Paul. St. Paul's pitching was strong and fast. The Elk Point girls were a little intimidated which resulted in an 8-4 loss. Later that afternoon our spirits were lifted as we met up with Pierceland. Strong pitching by both Brittany Buryn and Laryssa Cochrane as

well as solid doubles by Amanda Marianchuk, Jessica Lameman, Sara Kozicky and Tellia Loughran helped in the convincing 16-2 victory by Elk Point. The day ended with Cold Lake. The day was long, everyone was hot and tired, but the Elk Point girls stayed strong. Solid pitching by Tellia Loughran and Brittany Buryn held the Cold Lake runs to 4 at the end of the second inning. Weaker Cold Lake pitching allowed us to score 13 runs in the first two innings. To give experience to our younger pitcher, Laryssa Cochrane finished the game on the pitcher's plate. Cold Lake scored seven runs in the last inning but Elk Point still held on to a 20-11 victory.

Overall the S squirt girls finished in second place. All of the girls played very well and were great sports in both victory and defeat. See you next year.

E-CAN OILFIELD SERVICES presented Jim Hawkins of the Elk Point Elks Senior Hockey Club with a donation toward the club's operations.

Croteau wins Dewberry chucks

Bert Croteau of Bonnyville drove the Flint Energy Services outfit to a win at Dewberry's annual Canadian Professional Chuckwagon Association meet on June 16 and 17, winning Saturday's show with a time of 1:07.96 and placing third Sunday with a 1:07.70 run for a total of 2:15.87. Ray Mitsuing of Loon Lake, SK was second overall with a total time of 2:16.56, and Jim Knight of St. Walburg, SK was third with 2:17.17.

Croteau was sitting third in the CPCA standings after Dewberry's show, with Leo Tournier of Duck Lake, SK first, Jim Knight second and Wayne Dagg of Melfort, SK third. Doug Irvine of Lindbergh was sitting in 15th spot.
